REPLY TO REQUIREMENT FOR RESTRICTION
(37 CFR §1.142)

Dear Sir:

In an Office Action dated February 22, 2008, the Office issued a requirement of restriction requiring that the application be restricted to a single invention among several allegedly independent or distinct inventions identified in the Action as Groups 1 and 2.

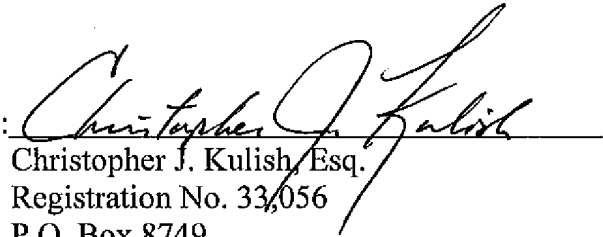

The undersigned attorney, on behalf of the assignee, elects the invention of Group 1, which is embodied in claims 1-8. To preserve the right to rejoinder, a second preliminary amendment is being submitted that amends claim 9 of Group 2 to be dependent from claim 1.

In the event that a petition for extension of time under 37 CFR §1.136(a) is required to have this reply considered and such a petition does not otherwise accompany this reply, please consider this a petition for an extension of time for the required number of months and authorization to debit Deposit Account 08-2623 for the required fee.

Respectfully submitted,

HOLLAND & HART LLP
